Since the year 1844, the world has been living in the last days. However, now in 2023 it has lasted about 179 years. How can we know that the time of the Lord's return is near. Can we determine when the events (like the Sunday law) will commence? Prophecies based upon time have expired, so are there any other clues found in Bible prophecy? The answer is yes! In both Daniel and Revelation, God intervenes with a message for His elect. One that helps them to determine the sign of the end. An unmistakable sign that tells them that time for this planet is running out..
